THIRD QUARTER 1994  
VOLUME 14 NUMBER 3

THE OFFICIAL PUBLICATION OF THE SOUVENIR CARD COLLECTORS SOCIETY

*100 Years*  
*of*  
*Stamp Production*  
1894 - 1994

◊ **COVER:** The outside of the BEP invitation to their Centennial Celebration includes two blue intaglios of their first series of stamps for the U.S. Post Office here combined with the cover type of the ceremonial program (see related article starting on page 4 of this issue).

◊ **Robin Ellis** (SCCS 120) was right to question me on the reference numbers under the little vignettes sprinkled throughout the past several issues. The original "game" was established by **Bob Hallett** (SCCS 1619) in SCJ 13:3, p.22. There are only three more "heads" yet to come for you to identify! One is in this issue on page 40.

◊ The 25 July 1994 issue of *Linn's Stamp News* includes an article, "Plate Number Coils" (pp. 40-41), by Ken Lawrence relating to the 25¢ Honeybee coil stamp and the related Souvenir Card, BEE'88 (FB 1988 A). **Barry Fox** (SCCS 499) of Quality Coins has some of the original artwork used in preparation of the limited edition card (only about 80 were made), which the Bureau never offered to the public, and showed it to SCCS members attending the Chapter One meeting at NApEX. The artwork is discussed in Lawrence's article which includes a collage of three views of the card's production stages. Lawrence indicates that some of the cards did reach the collectors' market and "sold as high as \$700 each, but even at that level, collectors snapped them up."

◊ The BEP has announced that as of 6 September tickets will no longer be required for the 20-minute tours of its facility—mostly currency production areas—and that hours of operation will be 9:00 a.m. to 2:00 p.m. At the same time, the Visitors Center will resume its normal hours of 8:30 a.m. to 3:30 p.m. Summer's over!

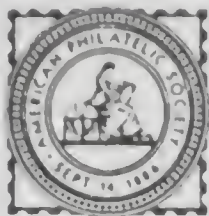

◊ This is always the last page I complete before the Journal is "put-to-bed." Therefore, having returned from Pittsburgh and STaMpsHOW 94, I can report that you should soon be receiving news from ABNCo (**Paul Schmid**) regarding a major change in their 1995 souvenir card program. It seems that fewer cards will be produced at a higher individual cost, but will only be sold on a "subscription basis." The cards will be printed to "advanced orders" and the number printed will be "limited" to those orders. Rather than continue with the details from my notes, watch

for the notice in the mail. It will only be sent to people on their mailing list, so if you are interested in ABNCo cards and are not on their mailing list, send them a note (address bottom of page 48). I got the impression that Paul did not think that souvenir card sales were up to their expectations and that this may be their final (?) effort to attract business. Personally, I would rather see fewer affordable cards produced annually—a larger quantity printed reduces the cost per card in production. Can it be that there is a lessening interest in ABNCo cards? I find that hard to believe as, for the most part, they are quite handsome! I'd like to hear from the membership on the subject of souvenir cards in general. I am also considering an annual poll of your favorite cards—design, subject matter, occasion or ?—tell me what you think.

◊ The "reports" that I refer to in Note (3) on page 48 were confirmed at our meeting by the BEP's **Cynthia Wertheimer**. All 3,000 copies of the Centennial Card (B 186) issued on 1 July 1994 have been sold. At \$20.00 (\$22.50 by mail) that is a nice return. The BEP was apparently surprised (and delighted ?) by the rapid sale. A full-size reproduction of the mint card appears on page 5 of this issue (the card is larger than my working page). There has been no discussion if it will be reprinted. Obviously, there is a market for fine intaglios.

◊ Speaking of full-size reproductions, one of the criticisms at the Literature Competition in Pittsburgh was the Journal's illustrations were "too big!" Even though the critic realized that our "membership probably preferred to see the detail of the engravings," he felt they were simply "space fillers." I disagree. Other publications presented smaller illustrations and fewer pages. For what purpose, I do not know, except, they received higher awards. He had the same criticism for my other Journal also in the show. The Jury in total felt that both Journals should have more "scholarly research" and "not a lot of new issue information," but, on the other hand were probably serving their constituencies very well! Isn't that the purpose of any Journal? What do you think?

◊ BALPEX, along with Summer, is over, so the next big show will be ASDA-Mega Event in New York. See you there—and at the METRO Swap!

## PRESIDENT'S MESSAGE

This is my fourth column as I complete the first year of my Presidency. It has been a rewarding year as the Society continues to grow and as newer members start to become more active in our hobby. The local New York and Washington Chapters continue to flourish and our Journal is top notch.

◇

We have just completed our participation at the ANA show in Detroit and the APS show in Pittsburgh and we had successful shows and Society meetings. We signed up several new members and I had the opportunity to meet several of our members who I had previously only known through correspondence. Those of us who were at the ANA Convention got to see the sights of Windsor, Canada, as well as enjoy the show.

We issued our third, members-only, Union-printed, souvenir card in conjunction with our Annual Meeting in Pittsburgh. I hope you enjoy this beautiful intaglio engraving of an elk [see inside of back cover, a copy of which is being mailed to everyone who has paid their 1994 dues]. I believe it is a fine addition to your collection.

Our Journal was entered into the APS' Literature Competition and earned a silver-bronze award. We owe a special thanks to **Bill Kriebel** for his excellent work as editor and congratulations for the award.

◇

I have the pleasure of announcing three very significant events. The first, sponsored by the New York Metro Chapter will take place on 8 October 1994 in Roselle Park, NJ. We will be holding a "Swap Meet" that is open to all members of the Society as well as the general public. **Rich Brinton** of the Metro Chapter is the chairman and has done a wonderful job in organizing this event. There will be a special souvenir card raffle and we will have the participation of the local Post Office with a show cancel honoring the Bureau's 100th Anniversary of printing stamps. Further details appear in a separate part of this Journal [see p. 41].

We had a similar event in Baltimore last year sponsored by the Washington Chapter. Those who participated had a good time, traded or sold some of their duplicates, and probably added some fine pieces to their collections. We would like to see as many members as possible at this event as it is an opportunity for members to meet, trade and/or sell cards. If you enjoy this hobby, you will enjoy this event! To those of you attending, we hope that you

Arthur Benjamin (SCCS 1032)

will patronize the Post Office representative. The Post Office judges success at these events based on their stamp sales. Therefore, if the event is successful and we want future cancels, we should buy stamps—you can always use them for postage!

◇

The second significant event is an agreement we have entered into with Krause Publications. They will print a catalogue for us that should contain pictures of all major souvenir cards. They will do this work on the assumption that they will be able to recoup their investment, and perhaps make some money, through sales of the catalogue and future reissues. We as a Society only have to make the material available for photographing along with appropriate text. **Ken Barr** has volunteered to act as editor in this endeavor and we owe him a big "thank you" as this will be a time-consuming job. We also may need to call on some of you to help in obtaining photographs of your cards.

◇

The third item is the site for next year's Annual Meeting. We will hold it in conjunction with the NApEX stamp show in the Washington area. We chose this venue because the Washington Chapter will be celebrating their Tenth Anniversary. They are planning several exciting events and you should start thinking and planning to attend now. The event is usually held in late June [in Arlington, VA]. We will be holding our biennial election of officers. If you wish to run for election, please contact me. We want to hold real elections for these positions.

◇

With the above paragraph, I have completed my duties for my first year—which has flown by! I thank the other officers, board members and committee chairpersons whose hard work has made this a most enjoyable year. To all, please continue your good work.

## 100 YEARS OF STAMP PRODUCTION EXHIBIT

BEP

A new exhibit of postage stamp-related items, with original artwork, models, and die proofs, was unveiled at the BEP on 1 July, as part of a year-long celebration of the centennial of stamp production.

The exhibit, entitled "One Hundred Years of Stamp Production," contains many items from the Bureau files that have never been seen by the public. It will be shown at the Bureau's Visitors Center in Washington, D.C. until July 30. The exhibit will travel to stamp shows around the country, beginning with the APS convention, STaMpsHOW '94.

"We tried to concentrate on the most beautiful and visually striking items from our files," said Cecilia Wertheimer, curator of the Bureau's Historical Resource Center. "At the same time we wanted to represent the major technological breakthroughs and advances in stamp printing." Among the 64 items in the exhibit is the source artwork for the 10-cent stamp of 1898, believed lost until it was found in the files in 1991; trial color proofs for the new Washington-Franklin issue of 1912; and World War II era artwork personally approved and signed by President Franklin Delano Roosevelt.

From 1903 to 1932, a single Bureau artist, Clair

Aubrey Huston, designed nearly all of the country's stamps, as well as the currency that is still in use today. Most of his artwork was not preserved, but the exhibit shows the original wash drawings for several stamps, including the 2-cent value of the 1904 Louisiana Purchase Issue, the 16-cent airmail stamp of 1923, and the popular Liberty Bell stamp of 1926. Printing more vibrant and colorful stamps has been one of the Bureau's continuing goals. Several items in the exhibit represent "firsts" in terms of printing formats and processes. These include the first stamps printed in two colors in a single pass of the rotary press, the first Bureau stamps printed by the photogravure process, and the first stamps printed by a combination of offset and intaglio. "While these stamps may be familiar to collectors," Wertheimer said, "we have included in the exhibit items relating to them that have not been seen before, including the approval models/uncut press sheets/ and several varieties of proofs."

"One Hundred Years of Stamp Production," is the second exhibit of its type prepared by the Bureau. The first, "Stamps That Never Were," contains material relating to unissued stamps, and was first shown at stamp shows in 1993. It will continue to be shown at stamp shows in 1994.

### **CENTENNIAL OF U.S. POSTAGE STAMP PRODUCTION** *Washington, D.C. - July 1994*

#### **THE CENTENNIAL SOUVENIR CARD** *Bureau of Engraving and Printing* *Washington, D.C. Ft. Worth, Texas*

*The Bureau will celebrate 100 years of printing United States postage stamps from July 1, 1994, until June 30, 1995. On July 1, 1894, the Bureau of Engraving and Printing began the production of postage stamps for the United States Post Office Department. Prior to that time, stamps were printed by private banknote companies.*

*In April 1894, the Post Office Department turned over the dies, rolls and plates of the then-current stamps. In order to distinguish the Bureau's work, triangles were added to the corners of the existing dies. The 50-cent and one-dollar denomination stamps were substituted for the 30-cent and 90-cent denominations and two-dollar and five-dollar stamps were issued. The first of the work printed by the Bureau was placed on sale on July 18, 1894. By the end of the first year of operation, the Bureau had printed and delivered more than 21 million sheets of stamps for the Post Office Department, embracing 13 denominations of ordinary postage stamps. Those stamps are featured on this souvenir card:*

<i>One-cent Franklin</i>	<i>Eight-cent Sherman</i>
<i>Two-cent Washington</i>	<i>10-cent Webster</i>
<i>Three-cent Jackson</i>	<i>15-cent Clay</i>
<i>Four-cent Lincoln</i>	<i>30-cent Jefferson</i>
<i>Five-cent Grant</i>	<i>90-cent Perry</i>
<i>Six-cent Garfield</i>	<i>Two-dollar Madison</i>
<i>Five-dollar Marshall</i>	

*Dixie March engraved the lettering, dots, lines and stars on the souvenir card.*

### MARY ELLEN WITHROW: Treasurer of the United States

Mary Ellen Withrow was confirmed unanimously by the Senate to be the 40th Treasurer of the United States on 10 February, and sworn into office 1 March 1994.

She is the first person to have held the post of treasurer at all three levels of government—local, state and national. She was elected Treasurer of her native Marion County, Ohio, in 1976 and 1980. She was elected as Ohio State treasurer in 1982 and re-elected in 1986 and 1990.

As Treasurer of the United States, Withrow is responsible for the operations of both the U.S. Mint and the Bureau of Engraving and Printing.

During her tenure as Ohio's treasurer, Withrow's innovative programs, management efficiencies and record earnings for Ohio earned her nationwide recognition. In March 1992 she received the Donald L. Scantlebury Memorial Award from the Treasury's Joint Financial Management Improvement Program for financial excellence and improvement in government.

She was named the nation's Most Valuable State Public Official by City & State Newspaper in 1990. She is past president of the National Association of State Treasurers, and past president of the National Association of State Auditors, Comptrollers and Treasurers. She also is a member of the Anthony Commission on Public Finance, a panel addressing state and local government financing.

Withrow, who began her career in public service in 1969 as the first woman elected to the Elgin Local School Board in Marion County, is a member of the board of directors of Women Executives in State Government, an inductee into the Ohio Women's Hall of Fame and a recipient of a Women Executives in State Government fellowship to Harvard University.

Withrow was born Oct. 2, 1930, in Marion County, Ohio. She and her husband, Norman, have four daughters and four grandchildren.

[Information contained herein was provided by the Bureau of Engraving and Printing. Ed.]

### PETER HUGHES DALY Director of the Bureau of Engraving and Printing

The BEP designs and produces U. S. Currency, U. S. Postage Stamps; and a wide variety of other U. S. Securities and Security documents. Mr. Daly began his career with the U. S. Treasury in 1965, was promoted through a variety of supervisory and management Positions, becoming Deputy Director of the Bureau in 1983. He was appointed by the Secretary of the Treasury as the Bureau's 22nd Director on August 26, 1988.

Mr. Daly has been recognized by many awards and honors over the course of his career. He has published articles and studies in the fields of Economics and Management, and has presented papers on the role of cash in economies, securities manufacturing and anti-counterfeiting to International conferences in several Scandinavian and European countries, Australia, the Philippines, Japan, China; the USSR, and to Interpol's World Conference on Counterfeiting.

The Bureau employs about 2500 people in Washington, D. C.; with another 400 located in its new currency production facility in Fort Worth, Texas. The Bureau operates a business function within a government shell, and is organized somewhat as a public corporation: It has eighteen AFL-CIO industrial and craft unions, and funding derived from customers rather than congressional appropriations. Its 1993 revenues will approximate one-half billion dollars.

Mr. Daly holds a degree in Economics from Villanova University, and has done graduate work with honors standing at Rutgers, George Washington, and American Universities. He resides in Washington, D. C. and has two daughters, Jill and Mary Megan.

### MICHAEL S. COUGHLIN Deputy Postmaster General, USPS

Mr. Coughlin is a 26 year veteran of the Postal Service, whose career has included assignments in several locations in New England, New York, California and Washington, D.C. He has served at all levels of the organization. He was appointed to his current position in January 1987 and also sits on the Postal Service Board of Governors.

## BEP LAUNCHES CENTENNIAL CELEBRATION

William Kriebel (SCCS 27)

On 1 July 1994 the Bureau of Engraving and Printing began its celebration of the centennial of its printing United States postage stamps.

Reportedly 500 engraved invitations (see cover) were printed and sent to individuals, including "members of the Senate Subcommittee on Federal Services & Post Office, members of the Post Office and Civil Service Committee, senior members of the Treasury Department and the Postal Service, distinguished members of the philatelic community and members of the media." I was fortunate to be one.

The Bureau's second traveling exhibit was displayed (see related article, p. 4) and the 1994 Stamp Centennial intaglio print (previous page, overall size: 7.5" x 10", buff colored stock) was released. Unfortunately, but understandably, the entire sheet is printed in black ink, and not the colors of the orig-

inal stamps. That would have made quite an item!

"The Bureau is proud of its long-lasting relationship with the United States Postal Service. To commemorate this relationship the Bureau has designated July 1, 1994, until June 30, 1995, as the Year of the Stamp. Numerous events will be held during the year to help commemorate this milestone in American Philately."

A centennial souvenir sheet of four \$2 stamps will be issued on 3 November at ASDA's Mega show.

The ceremonies started at 10:00 a.m. and the Visitor's Center and tours were closed to the public until 12:30 a.m. Two postal employees were on hand (and overwhelmed) to provide stamps and a special cancel for the cards or other souvenirs of the event. A reception followed.

## SOUVENIR CARD ERRATA

In the Spring 1991 issue of the Journal the HAFNIA 87 (PS 65) was illustrated with the black intaglio steamship missing from the center of the stamp vignette. At that time the BEP stated that the passage of no card or more than one card at once automatically halts the die stamping process. When the press is "tripped" in this fashion, the last card is not normally stamped and is removed by the operator. When the card bears no impression of the die stamp at all it appears to have passed through the press not die stamped during the automatic shutdown. This is apparently what happened with the PS 65 shown here, except that of the two die stamp operations, the first was applied normally, but on the

Donald W. Hitchcox (SCCS 2)

second one the explanation above fits. It is important to note that this card bears no colorless die impression.

A California collector who always purchased two mint cards of each issue did not discover this one until mounting cards in his album one year later.

This is the first time a two-time die stamping operation has been shown with the first one registering but not the second. Heretofore, it has always been a frame missing the second. However, if other examples exist they have not been reported to date.

Copenhagen, Denmark  
16-25 October, 1987

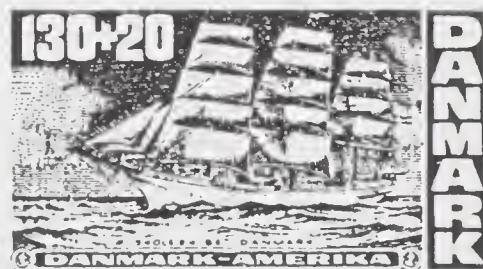

USA udgav dette dampskibsfrimærke over emnet "Hurtig søgående skibsfart" i 1901. Det havde den højeste værdi i serien, der blev udgivet det år i anledning af den Pan-Amerikanske Udstilling.

The United States issued this Steamship stamp, depicting "Fast Ocean Navigation," in 1901. It was the highest value of the series issued that year in honor of the Pan American Exposition.

USA's Postvæsen har den glæde at udgive dette souvenir kort med søgående skibe i anledning af HAFNIA '87.

The U.S. Postal Service is pleased to issue this souvenir card, featuring seagoing vessels, in honor of HAFNIA '87.

Dette frimærke blev udgivet af Danmark i 1976 som del af en serie til minde om 200-året for den Amerikanske Frihedskrig. Det havde den højeste værdi i serien, der var udgivet over emnet "Danske søgående skibe."

This stamp was issued by Denmark in 1976 as part of its series honoring the bicentennial of the American Revolution. This was the highest value of the series, which depicted Danish ocean-going vessels.

HAFNIA 87 (PS 65) error card

The 1983 Stamp Collecting Month (PS 48) card illustrated (below) is missing the black die stamped "Mississippi River Bridge" image from the center of the stamp vignette.

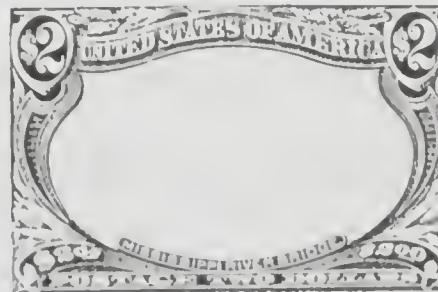

All of this card, except the vignette, was printed by the offset lithography process. Following that, the brown frame was die stamped first followed by a die stamping of the center of the vignette in black. However, the passage of one card, or more than one card, automatically halts the stamping process. When the press is halted in this fashion, the last card is not stamped and is normally removed by

press personnel. The absence of colorless embossing indicates the card passed through the press during automatic shutdown.

The discovery of this card, ten years after issue date is uncommon, but shows the importance of closely examining all cards as soon as purchased or received.

## NATIONAL STAMP COLLECTING MONTH 1983

DISCOVER THE BEAUTY AND LORE  
OF STAMP COLLECTING...  
THE HOBBY OF A LIFETIME

The U.S. Postal Service, in cooperation with the Council of Philatelic Organizations, is pleased to issue this special souvenir card in honor of the third observance of National Stamp Collecting Month.

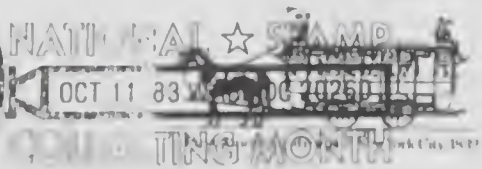

Stamp collecting is the world's most popular hobby. It offers respite from everyday concerns and serves as a fascinating link between the past and the present. Also, it engages the interests of people of all ages throughout the world.

As a reminder of the educational value of philately, the illustration chosen for this souvenir card is an unusual replica of the

\$2 stamp of the 1898 Trans-Mississippi series. Originally the stamp was to be printed in two colors. Due to the outbreak of the Spanish-American War, the government had to print large quantities of revenue stamps. In light of that, the stamp was printed in a single color. The illustration here shows the stamp as it might have appeared had it not been for the war.

The vignette depicts Eads Bridge which spans the Mississippi River at St. Louis, Missouri. The bridge, designed by James B. Eads, provided one of the earliest trolley crossings over the Mississippi River.

John Parker (SCCS 1546)

I recently purchased, from a private collector, a canceled copy (illustrated opposite page) of the Bermuda Cruise card (ANA 3) which the SCCS cat-

alog indicates only 35 sold of the 100 printed. There is no indication of how many, if any, other copies exist canceled.

## BERMUDA POST-CONVENTION ADVENTURE TOUR

Bermuda, like many British Commonwealth countries, has introduced a one-dollar coin to possibly supplant the paper dollar currently in circulation. At present, both coin and currency note circulate side by side, but time may make the dollar bill as rare as the cahow bird depicted on both one dollar pieces. A member of the petrel family, the cahow was thought to be extinct until recently.

## INTRODUCTION

With the birth of the State of Israel and its first stamps came the birth of Israel's first souvenir card. These souvenir cards have been known by various names, e.g. Propaganda Sheetlets (Blacksheets), Ministers Sheet, Imaba Sheet, Presentation Sheet, Presentation Card, and International Show Cards.<sup>1</sup> Memorial Sheets are not included in this article, as they are not issued for a public function, but sent only to families of deceased members of the Israel Defense Forces.

The designation Souvenir Card and International Show Card are synonymous as defined by the Souvenir Card Collectors Society.<sup>2</sup> The main distinguishing feature of a souvenir card is that its only purpose is to be a souvenir. They are not postally valid nor are they intended for postal correspondence. They are mementos or souvenirs of a particular occasion, exposition, exhibition, etc.

Show cards are placed into various categories: 1. Official, authorized and printed by a government printer; 2. Semi-Official, printed by a printer involved in government printing but not authorized by that government; 3. Un-Official, privately produced by non-government printers. They are also distinguished as Forerunner and Modern day cards. A number of articles have been published in Journals specializing in Holyland philately about these Forerunners. The publications I used as references are noted. There are probably other publications and periodicals that have articles published about this topic, therefore I encourage anyone with additional information, references and corrections to let me hear from them. The numbering system employed follows the method used by the Souvenir Card Collectors Society in their publication system

for Forerunner and Modern Day Souvenir Cards, Page 6.

There are five Forerunner Souvenir cards starting May 13, 1948. The Modern Day Souvenir cards begin on May 22, 1981. While the Modern Day Souvenir cards do have a printed crease for folding they are collected flat.

### DOAR IVRI PROPAGANDA SHEETLET

A press conference was held in the late afternoon of Thursday, May 13, 1948, by David Remez, Minister-Designate of Communications. The stamp designer, Otte Wallish, prepared an exhibit containing a sheet of each of the nine stamps (Scott Nos. 1-9<sup>3</sup>, Bale Nos. 1-9<sup>4</sup>). During this press conference Propaganda Sheets—"Blacksheets"—were distributed for publicity purposes to journalists and other participants.

The magazine, *Habulai Ha'Ivri*, gave new subscribers to their publication a copy of the "Blacksheet." This magazine was the official publication of the Union of Philatelic Societies of Israel.

One uncut Propaganda Sheet "Blacksheet" contains the numbers, 0009 and 2009, which leads to the conclusion that 4000 "Blacksheets" were originally printed, however, this is speculative.<sup>5</sup>

These sheets were printed by letterpress on white calendared paper without gum or perforation and were numbered. This sheet measures 100.2mm wide x 122.5mm long. There are numerous imitations of the original Propaganda Sheetlet. Michael Ludernan, in his article has prepared a chart which will be most useful in determining the type of sheet you possess.<sup>6</sup> If you require additional measurements for verification, Josh Furman, in a letter to Ludernan suggests two additional measurements be included for verification.<sup>6</sup>

The first set of stamps issued by the State of Israel, did not contain the country's name, instead it had the designation Doar Ivri (Hebrew Post). When the Propaganda sheetlets were printed the State of Israel, in name and in fact, was in existence. Therefore, the top of the sheet has printed in

Hebrew, Postage Stamps of the State of Israel /16-5-1948 in two lines. The same is printed in English at the bottom of the sheet. The space in-between reproduces the first nine stamps of Israel. They were printed by the Haaretz Press, under the supervision of Abraham (Idelson) Eylon, who became the government printer.

A souvenir card printed in blue by letter press, on cream colored heavy paper, measuring (22.8cm x 29.7cm), features a double line border within which

is an outlined vertical rectangle with a lined horizontal background and dropout Hebrew lettering spelling out, 16 Iyar / 1948 /Six-pointed star / 16.5.1948, the date is solid type. Below the rectangle in bold type in Hebrew lettering Doar Ivri. Six rectangles are outlined on the next line. The six lower valued stamps with tabs attached (Scott Nos. 1-6 Bale Nos. 1-6) were placed within these rectangles. The next line had three rectangles outlined to accept the higher valued tab stamps (Scott Nos. 7-9, Bale Nos. 7-9). The last line has a representative circular trilingual (Hebrew, Arabic, and English) date cancel from Tel Aviv next to a slogan cancel between killer bars. These 30 to 40 souvenir cards were distributed to Cabinet Ministers and Department Heads and were prepared at the Haaretz printing office by the staff. Because of the shortage of stamps they were forced to use printing waste and imperforate stamps that they perforated during the preparation of the cards.

These souvenir cards were reprinted on thinner paper for the general public. Postal employees prepared these cards using regular stock stamps. Four hundred cards were produced most of these were destroyed because they were too expensive for the average collector.

This is surrounded by seven ancient Hebrew coins. The next line in French: Feuille de Souvenir a l'occasion de l'Exposition Internationale des Timbres-Poste IMABA 1948 a Bale. Six rectangles are outlined and the six lower valued stamps (Scott Nos. 1-6; Bale Nos. 1-8) are placed therein. Below are the three high values, (Scott Nos. 7-9, Bale Nos. 7-9) are placed. The bottom portion text in French, describes the information contained on the tab of each stamp. This souvenir card was issued August 27, 1948. It is estimated that 1000 souvenir cards were prepared.<sup>7</sup> These souvenir cards are only known with unused stamps.

The first modern Israel international card was issued on 22 May 1981 at the Vienna International Stamp Exhibition (WIPA'81). The Israel Philatelic Services indicate that 12,000 were printed, however, 6,000 were destroyed after the show, 700 were sold in mint condition. The cards were designed by Herbert Loeb, Assistant Director Israel Philatelic Service, and drawn by Dan Gelbert. Printed by photo-offset, the card measures 28.1 cm x 15.2 cm overall, printed area 24.2 cm x 15.2 cm. The upper left pictures a plaque on the outside of the post office operated by the Austrian post office in Jerusalem, under the terms of the Capitulation Treaty with the Ottoman Empire. The lower portion shows the tabbed stamp (Scott No. 88, Bale No. 101) issued by Israel to commemorate the Tabim Exhibition held in Jerusalem, 12-18 October 1954, and a replica of the circular date cancellation used by the Austrian Post Office during that period. The adjoining panel has printed in both Hebrew and German descriptive information of Austrian Post Office and the legend Ministry of Communications Philatelic Services, Israel, including the Philatelic Services' logo, the Running Stag. The third portion is separated by an albino printed crease for folding and an outlined rectangular box. This area has been used for placement of stamps and cancellations. On

This is the reverse of the IL 5 banknote issued in the 2nd Bank of Israel series, dated 1958. The seal appearing on the note was found in Meggido in 1904. It depicts a roaring lion and the inscription, in ancient Hebrew script, is "of Shema" (upper line), "servant of Jeroboam" (lower line). "Shema" was presumably a high official serving Jeroboam II, King of Israel (783-743 BCE). The lion also appears on the IL 5 coin (right), which was replaced by the IS 1/2 coin in 1980 (left) and is still in circulation.

THE STATE OF ISRAEL  
FORTIETH ANNIVERSARY 1948 - 1988

The State of Israel came into existence at midnight, May 14, 1948. At that time Great Britain allowed her 25-year-old mandate over Palestine to expire. The mandate symbolically ended during the night of May 14th with the departure of the last British high commissioner, Sir Alan Cunningham, from Haifa. Within minutes the State of Israel was officially recognized by the United States. In the next 11 months, 53 nations, including Great Britain, extended official recognition. On May 11, 1949, the United Nations General Assembly, on recommendation of the Security Council, admitted Israel to the United Nations.

The emergence of the first Jewish state since Nero's Roman legions destroyed Jerusalem in 70 A.D. was not met with enthusiasm by the entire world. On May 15, 1948, a 25,000-man invasion force from seven Arab nations crossed into Israel in a futile attempt to dislodge the new nation. By the time a final armistice agreement had been reached in July 1949, Israeli forces held the area that was to define Israel's territory until June 1967.

During the past 40 years, Israel's paper money has displayed a rich variety of designs. In 1968 the Bank of Israel began printing paper money honoring those who made great contributions to the State of Israel. David Ben-Gurion, Chaim Weizmann and others were so honored on the bank notes of Israel. These notes and other numismatic items are lasting mementoes of Israel's first four decades.

## MAIL BID AUCTION: THIRD QUARTER 1994

Ken Barr (SCCS 407)

The First Quarter 1994 auction was reasonably successful, with over \$3,800 in sales and almost \$900 in donations/commissions. The Second Quarter 1994 auction is still in process as this listing is being prepared, so that recap/report will be deferred until the next issue.

This current auction is the almost as large as the Second Quarter sale, with over 430 lots again being offered. Over half of these are BEP cards, mainly since they comprise the bulk of the consignments at present, and also because they attract the bulk of the bids. Please read through the following listing quite closely, as there are a number of "seldom seen" items quite worthy of a healthy bid.

Since both 1993 ABNCo. serial #1 hand-pulled proofs were auctioned in earlier sales, and the 1994 versions have yet to be produced, we're fortunate to have a special consignment to "fill the gap" as lot #1. Be sure to look at the illustration even if you do not plan on bidding ---- it may be the only time you'll ever get to see this particular item!

As usual, there are many lots in which the consignors specified no reserve other than our usual \$5 per lot minimum, so feel free to do some bargain hunting! Good luck!

### AUCTION BIDDING RULES

1. MAIL BID CLOSING DATE: BIDS MUST BE RECEIVED BY THE AUCTION MANAGER NO LATER THAN 15 NOVEMBER 1994.

2. Send all bids and auction correspondence to the Auction Manager: Ken Barr, P. O. Box 32541, San Jose, CA 95152. Telephone inquiries may be made until 10:00 PM Pacific time at 408-272-3247.

3. Bid by lot number only. Multiple item lots will not be broken. The earliest postmark will decide tie bids.

4. Bid processing will be done manually, at least initially, so special instructions can be given. "OR" bids ("bid \$10 on lot 101 OR 102, one lot only") are acceptable, as well as "maximum expenditure" limits ("please limit total winning bids to \$100 maximum"). Feel free to bid on any lots desired with the security that your winnings will be limited to the amount specified.

5. All items will be sold to the highest bidder. Bid reductions will generally not be made unless noted on special high-value lots.

6. Please observe a minimum bid of \$5 per lot. Some lots have higher minimums, denoted as MB \$xx in the lot description. Estimates (EV \$xx) are for information only, and have either been provided by the consignor, the current SCCS catalog, or the Auction Manager.

7. Lots will be shipped via insured U. S. Mail unless otherwise requested. Postage and insurance charges will be included in the bidder's invoice.

8. Successful bidders are to remit payment in full in U. S. funds within five days of receipt of their invoice. Late payments may disqualify the bidder from participation in future auctions.

9. Returns are acceptable within ten days of receipt of shipment. Please specify reason for return (damage, mis-attribution, etc.). Mistakes on bidder's part are not sufficient reason for return.

10. The Auction Manager reserves the right to withdraw any lot and to reject any unrealistic bids. Consignors are responsible for establishing any minimum bids that they wish to impose on lots submitted.

11. A "Prices Realized" list will be available shortly after the closing of the auction. All bidders and consignors will receive copies with their invoice or materials shipped. Others may request same by submitting a self-addressed stamped envelope to the Auction Manager.

12. Members wishing consignment information should write to the Auction Manager for details.

# SPECIAL BEP "SAMPLE SHEET"??

1. Treasury/BEP intaglio print on thin paper in green (illustration, opposite). 8.25" x 10" with a few minor folds and one pinhole. Unknown as to when or why it was issued, but appears to be 1910's -1920's vintage to most observers. Never seen before by any of the Society officers who viewed it at Memphis. Estimated value impossible to determine, but likely in the \$500 - \$700 range. Sure to find a new home with a consignor's reserve of only \$250.

## GALLERY MINT MUSEUM PRODUCES SOUVENIR ITEMS

New SCCS member and a hand engraver, **Ron Landis**, who has specialized in dies for coining tokens and medals, has started into plate engraving for private edition engravings. A sample of his work is shown (full size, right). It was printed on a small intaglio press from a hand-engraved brass plate, sealed and numbered (his telephone number) in green from a rubber stamp. Since he produced this card, he has built a straight line engraving machine which will allow greater parallel line accuracy than in this sample. He is also planning art prints, "fantasy notes," and other items. Interested members may contact him at The Gallery Mint Museum, P.O. Box 706, Eureka Springs, AR 72632, (501) 253-6064.

## THAT'S JUSTICE FOR YOU

I am sure that collectors will agree that the recent "Justice" vignette [cover of SCJ 14:1] is probably one of the most attractive and desirable of the BEP prints.

The 6" x 8" card (B 180) was accompanied by a descriptive text [see SCJ 14:1, p. C2] on a 7" x 3.75" card (Fig. 2). A hand-pulled spider proof version (B

Rich Brinton (SCCS 983)

180A) was available through a raffle held during each day of the show—14 each made available on Thursday, Friday and Saturday, and eight on Sunday, for a total of 50 copies—for some lucky winners and/or collectors. These copies measure 6.5" x 8" and are numbered, signed and dated by the plate printer, Stephen F. Drobnak, on the face of each print above the vignette (Fig. 1, below).

### INTAGLIO PRINT

Bureau of Engraving and Printing  
Washington, D.C. – Ft. Worth, Texas

In 1920 George-Frederick Cummings Smillie engraved Die #10196 which depicts the figure of Justice holding a globe in one hand and scales in the other.

The globe, when held aloft symbolizes Justice's sovereignty over the world. The scales, an attribute of Justice since Roman times, symbolize judgment, used for weighing good and evil and right and wrong.

The die card for this vignette calls it "Simmons' Justice". Edward Emerson Simmons (1852-1931) painted a mural of Justice in 1895 which is on the North wall of the courtroom in the Criminal Courts Building in New York. The figure in our engraving is the central figure in that mural.

Figure 2: Text card enclosure for "Justice" print (B 180)

It is interesting to note that, although not mentioned on the insert card, the "Justice" vignette was used as a central vignette on the U.S. Government's "Fourth Liberty Loan 4.25% Gold Bond of 1933-1938." A central vignette of Thomas Jefferson and descriptive text, outlining the nature and conditions of redemption, appear on the face of the \$50.00 bond (Fig. 3, opposite page).

The complete bond contained 36 interest bearing coupons (numbered from "5" through "40"), with the bond redeemable on 15 October 1938 in gold coin. Individual coupons were to be cut from the bond and forwarded to the Treasury Department each April 15th and October 15th until the bond reached maturity. [This is where the term "clipping coupons" comes from, not shoppers coupons so common today. Ed.]

On the bond's reverse, the "Justice" vignette (Fig. 4, page 34) represents an excellent example of the engraving's usage in relation to U.S. Government issued fiscal documents.

This particular bond, serial number H-04888608, was purchased by the author at the "FUN'94" show and represents a prized collectible.

Members of the BEP staff were afforded the oppor-

tunity to examine the bond at the show and expressed their excitement and enthusiasm regarding this example of the vignette's actual usage on a government document.

A representative of "Currency Auctions of America" (which hosted an auction during the show) also examined the bond, and described it to be possibly the finest yet seen, in particular, the blind-embossed U.S. Treasury Department Seal was clearly defined, whereas, it is more commonly indistinguishable due to excessive handling or improper storage.

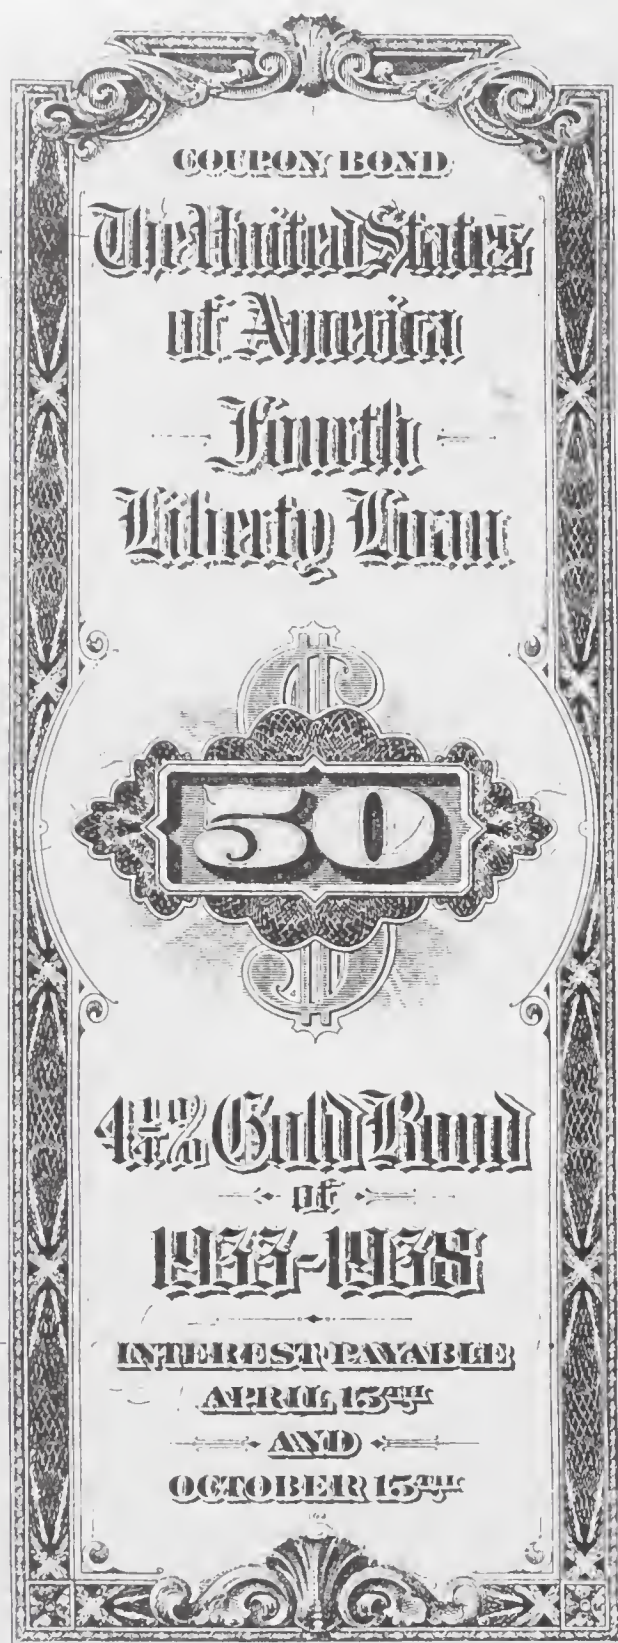

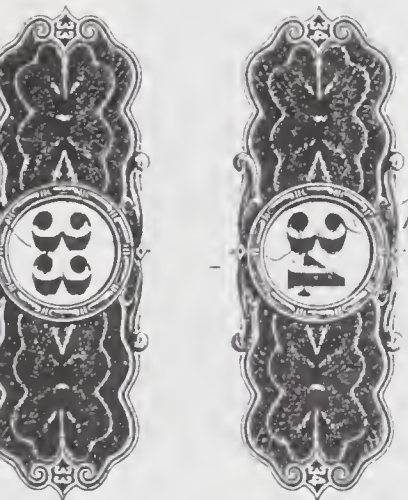

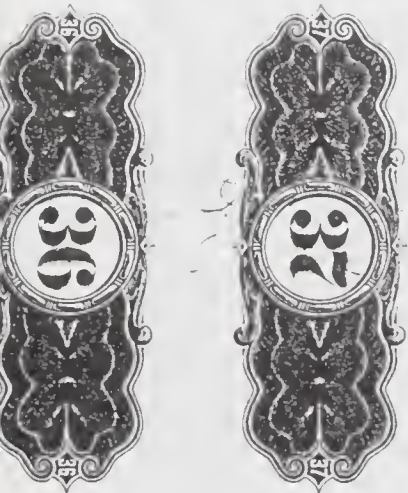

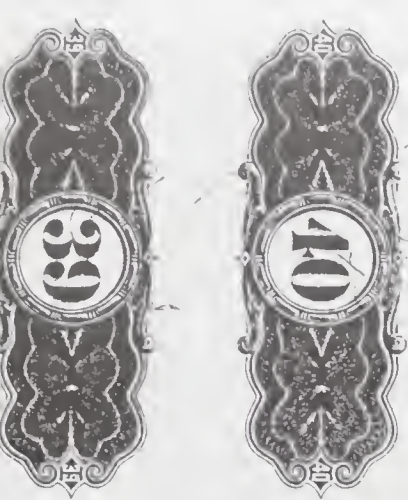

The bond measures 16.25" x 10.5", with all the coupons attached as issued. The face (Jefferson) side is printed in green and black with red Treasury seal and serial numbers. The "Justice" side is printed in brown (sepia). Red and blue silk security threads are embedded throughout the currency-like page on which the bond is printed.

Collecting such collateral material is fast becoming an area of interest among many collectors. I urge members to explore this interesting side of our hobby. I am sure the hours you spend searching for related material will produce "just rewards" and exciting new discoveries.

## INFORMATION UPDATE

Robin Ellis (SCCS 120)

[In the last issue of this Journal (14:2), on the inside back cover (p. C3), I illustrated what I described as a possible calendar cover from the United States Bank Note Corporation. Robin has sent along a similar item which is a calendar cover, with what appears to be a printed rather than embossed eagle. He also sent along the "McKinley piece" (next page) from the January 1917 [p.45] issue of *The Numismatist* with the following comment: "Note the length of the second sentence in the Act!"

In regard to Larry Leyser's "Some Recent Finds," he

continues: "The medal [SC] 14:2, p.22] is the generic GAR medal worn by all (except those who had more exalted positions). But what is of interest to me is that there are four Medal of Honor recipients shown as being on two committees: Boynton, Batchelder and Pipes on page 22, and Urell on page 23."

"I don't know anything about the Lincoln Farm Association [SC] 14:2, p.44-45], but I note the signature of Samuel Compers in the bottom right. He died in San Antonio." Thanks, Robin! Ed.]

## MORE UPDATE

Robin's last comment in the previous "Information Update" (p.37) prompted me to go back to the original item (SCJ 14:2, pp.44-45) and then to my architectural library for further information on the Lincoln Farm Association. From Irvin Haas' *Historic Homes of the American Presidents* (Second, Revised Edition, New York, Dover, 1991), we learn the following:

"At the close of the Revolution, sometime between 1782 and 1784, the Lincoln family moved from Virginia across the mountains to the frontier region of Kentucky, then the outpost of pioneer advance into the wilderness and a bloody battleground for scattered settlements and isolated families. Here Abraham Lincoln, grandfather of the sixteenth President and the man for whom he was named, was killed by an Indian from ambush in May 1786. Thomas Lincoln, Abraham's son and the father of the future President, was then about eight years old.

"Thomas Lincoln was a good-natured, honest man who always seemed to be retreating before the approach of the comforts and advantages of a developing community—as though they were foreign to his Spartan nature. About 1800 he settled in Elizabethtown, Kentucky, and became for a time a hardworking, industrious member of the community, acquiring a reputation as a good carpenter. On June 12, 1806, he married Nancy Hanks and made a home with her in Elizabethtown, where their first child, Sarah, was born in 1807.

"On December 12, 1808, Thomas Lincoln bought for \$200 cash the 348-acre Sinking Spring farm a few miles south of Hodgen's Mill. He, his wife and their infant daughter moved into a one-room cabin near the limestone spring of cool water for which the place was named. It was in this cabin that Abraham Lincoln was born on February 12, 1809.

## William Kriebel (SCCS 27)

"In March 1860 the remains of a log cabin on the Lincoln farm were removed to another farm a little over a mile to the north. The cabin remained there until 1895, when it was purchased by A.W. Dennett of New York and returned to the Lincoln farm where Dennett had purchased 110 acres. Several times during the following years the cabin was dismantled and the logs carefully marked and taken to various expositions around the country.

"The Lincoln Farm Association, formed to raise funds [mostly from schoolchildren] to preserve the birthplace and establish a memorial to Lincoln, bought the cabin in 1906 and sent it to Louisville, where it was put in storage. In 1909 it was returned temporarily to the birthplace farm for the ceremonies attending the laying of the cornerstone of the memorial building by President Theodore Roosevelt. Upon completion of the building in 1911, the cabin was taken on the last of its travels back to the site of its origin and reerected within the memorial building.

"The memorial building housing the cabin, designed by John Russell Pope [architect of the National Gallery of Art and many other buildings], was built of Connecticut pink granite and Tennessee marble between 1909 and 1911. The birthplace is part of a site that comprises 116 acres, nearly 100 of which were part of the original Thomas Lincoln farm. The site, administered by the National Park Service, includes the memorial building and the Sinking Spring. The area became a National Historic Site on September 8, 1959."

The family lived on the farm for about two and a half years, losing it to a defective title. They moved to Knob Creek and, after another title suit, further on to Indiana.

## CHAPTER NEWS

[For intaglio card information and ordering, please see "Intaglio Cards Available..." listing at the back of this issue. Note check or money orders should be made out to—and sent to—the respective chapters, not the "SCCS." Ed.]

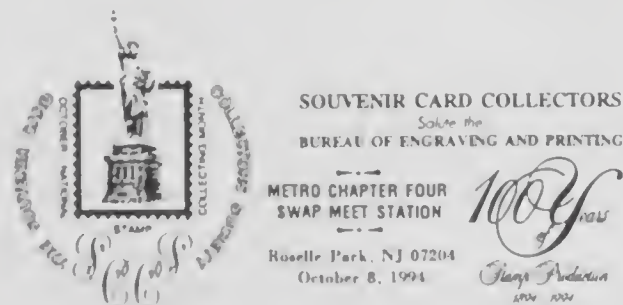

### CHAPTER ONE

Thanks to AMTRAK, I arrived a bit late for the Chapter meeting held at NAPEX on 25 June. About thirty people (members?) attended and received a free copy of the second meeting card of the year (S1994E). The next meeting will be held at BALPEX at 3:00 p.m. on Saturday, 3 September.

### METRO CHAPTER FOUR

The latest meeting was held on 9 July at the Garden State Numismatic Association (GSNA) convention in Somerset, NJ. A report on the chapter souvenir card sales was given by Vice Chair, Steve Goceliak, sitting in for vacationing Ken Werring. Rich Brinton gave an update on the forthcoming Chapter Swap Meet, which will have its own "show cancel!" Rich is also working on a modification of the cancel and permission to use it in New York at Mega Event. He has come up with an ABNCo statue of liberty die and is trying to arrange for permission to use it with the Chapter logo with the aim of getting an engraved logo for Chapter use. Ideas were also discussed about an SCCS banner for identity purposes at show tables. The next meeting will be held at noon at the Swap Meet on Saturday, 8 October, followed by ASDA Mega Event on 5 November.

[There are many members in both of these Chapters who do not seem to be taking advantage of these meetings—free intaglio cards—and a chance to meet and greet fellow collectors. Why not? Ed.]

## OTHER SOUVENIR CARDS AVAILABLE

[The following cards are reported by the sources listed and are NOT intaglio unless indicated. Ed.]

◇

The American Numismatic Association(ANA) has issued a limited-edition (500) card for the 50th Anniversary of D-day, 6 June 1994, according to the June 1994 issue of their Journal, *The Numismatist*. The card was surface printed by the Great Lakes Bank Note Company on Crane & Co. paper and features a genuine Allied Military franc note. The card is available canceled with "a contemporary Allied Military postage stamp produced for use in France; a second postage stamp commemorative of World War II; and an appropriate cancellation," at \$23.95 and/or uncanceled at \$18.95. Orders: ANA Money Market, 818 North CASCADE Avenue, Colorado Springs, CO 80903, telephone 719.632.2646, fax 719.634.4085.

◇

The eleventh annual souvenir card for the 9-10 July, Colorado Springs Coin Show, sponsored by the Colorado Springs Numismatic Society and the Colorado Springs Coin Club has been issued. As previously, this card depicts items from Colorado's past: a \$100 per share stock certificate for the "Gulf Colorado & Santa Fe Railway Company." The card is \$4.00 from Gerome Walton, P.O. Box 9833, Colorado Springs, CO 80932.

Mike Padwee reports: The Louisville, KY USPS issued two cards for the Kentucky Derby on 7 May, one at \$1.50, the other at \$3.50. • The East Rutherford, NJ USPS issued a FDOI card for the World Cup Soccer stamps on 26 MAY. Other NJ Post Offices gave out this card, but without the FDOI printing. • Riverside, CT issued a card honoring silent motion pictures and John Gilbert on 28 April at a cost of 79¢. • Last November Isabella, PR issued a FDOI card for the 500th Anniversary of Columbus' landing on Puerto Rico. • In February, Houston issued a card for the Houston Livestock Show and Rodeo. • Fulda, IN issued a folded card for the Sesquicentennial of the St. Martin of Tours Church in Siberia, IN at \$1.00. • Anderson, IN issued folded cards for the Church of God Convention, for the Historic West 8th Street Festival, and for the Little 500 Race and Festival at \$1.00 each. • Bill Paine of the Boston USPS advises that a special card commemorating the restoration of Faneuil Hall were given away by the USPS in July. Some extra copies will be available at the Metro Swap Meet. (For local USPS souvenir cards, send checks made out to "Postmaster" c/o USPS Customer Service in the town/city where the card was issued.)

## NOTED IN PASSING

Notice has been received of two upcoming coin shows: The 17th "Collectorama" Coin & Currency Show, 14-16 October, at the Lakeland Civic Center, Lakeland, FL; and the 5th Annual Suburban Washington/Baltimore Coin and Currency Show, 18-20 November, at the Baltimore Convention Center. Both shows include "paper Americana" but no mention is made of any souvenir cards available.

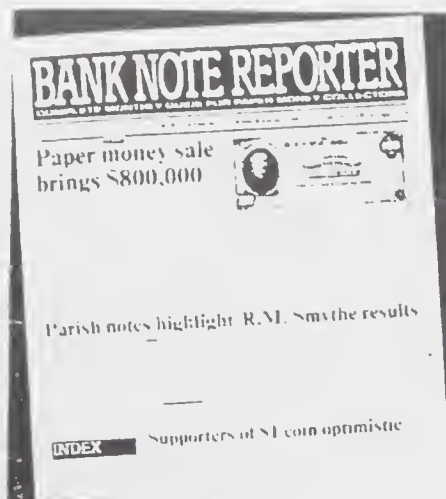

◇

The ANA events for next year have been scheduled: 2-4 March 1995, Early Spring Convention, Atlanta, GA, and 16-20 August, 1995, the 104th Anniversary Convention, Anaheim, CA.

◇

Coin collector? Watch your mail! The August issue of ANA's *The Numismatist* includes an ad from the USPS offering a "reward of up to \$50,000" for information relating to the mailing of explosive devices "in a case resembling a U.S. Mint product," a 5"x3.5"x1", royal blue "bookcase," with brass corners only on the front cover of the case. This is NOT a U.S. Mint product! BEWARE!

*STAMPS, The Weekly Magazine of Philately*, Whole Number 3231, 13 August 1994, is now in a newspaper format. This issue in a 11"x13.75" size is the first I have seen of this publication in a long time. I wish them success, but, I wonder, do we really need another stamp newspaper? There's *Linn's*, *Stamp Collector*, *Global Stamp News*, etc., all competing not only for your \$, but, more importantly, your time! If you collect both stamps and money, you also have *Coin World*, etc., and the monthlies, *The American Philatelist*, *The Numismaticist*, *Bank Note Reporter*, etc. Then there are the quarterlies, including this Journal. Now we have another hobby publication, *MoneyCard*, Vol. 1, No. 1, September 1994, trying to corner-the-market in yet another "collectible" field, pre-paid telephone cards! Have you ever counted the publications, including the "free" ones, that arrive at your home/office every month? Between professional, informational (*Time*, *National Geographic*, etc.), and "hobby," when are you supposed to have time to read them and still earn a living and/or enjoy your hobby? I hope you do read and enjoy this Journal.
